REVIEWS

CONNECTING BUSINESSES WITH **PET FAMILIES**

"The Canadian Pet Expo was our best and most profitable show to date in the six years we've been attending shows across Canada, and we do a LOT of shows. The fact that dogs were welcomed to the show was a huge bonus for our sales. I'll definitely be back next spring and plan on doing their big Fall Show, too!"

- Niki Geroni, Owner, Peachy Keen Pets

"We launched our business at the Canadian Pet Expo, if it weren't for them we wouldn't be around today. In addition to the sales it's also a great chance to connect with customers face to face and shake paws. We do many shows and the CPE is always well run. You can't beat the team that puts on the events."

- Lucas Walker & Riley Wallbank, Treats Happen.

"I find that the CPE has the best staff that I have come across in all the shows I have done. It is always a pleasure to deal with you and your staff and look forward to doing many more of your upcoming shows."

- Jill Morgan, JK Morgan Pets

"The CPE believes in enhancing the pets lives whether its a dog, snake or rabbit they really bring vendors like us to the front of the line to engage. Engagement is key in any industry and look at all the pets here there is no better engagement"

- Bryan Green Simply Pets

"Our treats have only grown thanks to the CPE. Being a small business we thought we would be swallowed by others. Instead Grant and his team supported us from day one and helped us at the Canadian Pet Expo and event after!"

- Nicole Candid K9 Treats for Dogs

"WOW just simply WOW. From the time we arrive to the time we leave the support and positive energy is second to none in the pet show world. The events speak for themselves each show the attendance grows and grows. So many pets and their families"

- Trevor Rae Earthbath Shampoo
